WHO I AM

Architect specialized in interior design, I have been running my furniture store for almost twenty years, offering, in addition to the pure and simple sale of products, a 360° design consultancy. I therefore also deal with renovations, following the customer from the initial project to the construction site, up to the complete execution of the works and the related delivery..

WORK EXPERIENCE

Interior Designer at my store in Locate Triulzi (MI) since

septembr 2004

Design and sale of interior decoration, rendering, measurements, orders, supplier management and complete store management, being the owner. Moreover, consulting, design and renovation of properties with the formula "turn-key".
